SUBJECT: NEW CANAAN SITE

FROM *Sue* S.E. Jones
BLDG ROOM
EXT

New Canaan was added to the list of sites after interest was expressed in the area through public concern. Information collected in response to this showed no evidence of an MED contractor in the area. Memo dated 30 March 1983, Vierzba to File, states that no FUSRAP sites were identified in the New Canaan area, therefore, this site will be deleted from the list.
